Future Science Group

Future Science Group (FSG) is an independent publisher, based in London, with an expanding and diverse group of journals in cutting-edge areas of postgenomic scientific and medical information. FSG houses three imprints; Future Medicine, Future Science and Newlands Press. All journals are peer reviewed and many are also indexed on MEDLINE, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, EMBASE, Chemical Abstracts, DOAJ, PubMed Central and Scopus. We also offer DRM-free perpetual access to a wide variety of eBook collections.

ALL PUBLICATIONS ARE:

ORIGINAL AND TIMELY

Blending commissioned and unsolicited content, including reviews, research and commentaries, to ensure that readers are kept comprehensively up-to-date with the latest advances and techniques in bioscience and clinical practice, whatever their discipline.

SUPPORTED BY STRONG EDITORIAL STANDARDS

All journals are underpinned by robust double-blind peer review ensuring only articles of the highest quality are published. Authors benefit from a supportive in-house editorial team, taking them from pre-submission enquiries, right through to publication and beyond.

VISIBLE AND ACCESSIBLE GLOBALLY

To ensure 24/7 access and maximum discoverability, all of our titles are hosted by Atypon on industry-leading websites.

What does the R&P license give you:

- ✓ Institutional access to the content from all our journals
- ✓ Primary/corresponding authors are from your institution
- ✓ Articles from member institutions will be published using CC-BY-NC-ND license, which allows maximum re-use while protecting the right of acknowledgement of authors

Benefits to the library:

- ✓ Access to all the Pay-Walled FM & FS journals for a single fee
- ✓ Greater exposure of university research

Benefits to the end user:

- ✓ Maximise visibility of their research
- ✓ Provide authors whose articles are not OA-funded with greater exposure
- ✓ Access to more research content from having access to the FSG collection

INSTITUTIONAL & ACADEMIC SUBSCRIPTIONS

Academic pricing is set regardless of size or number of sites. All academic institutions receive 5 years of content. For a quote, contact subscriptions@future-science-group.com.

CORPORATE

Corporate pricing is set depending on the size of the company and the number of sites. Corporate institutions receive 2 years of content (backfiles of content are available on request).

CONSORTIA

FSG works with consortia of various types and sizes, and welcomes discussion with all consortium managers. COUNTER-compliant usage statistics are provided for each institution. The benefits for the consortium include discounts on list price. Members have the flexibility to select the publications they want to include, or FSG will work with the consortium to create customized packages.

INDEXING

FSG titles are abstracted and indexed in all the main databases including MEDLINE/ Index Medicus, EMBASE/Excerpta Medica, Scopus, Clarivate's Science Citation Index Expanded and Emerging Sources Citation Index, DOAJ, PubMed Central and Chemical Abstracts.
